heinsius and scaliger derive the word from the greek whence comes our english word satyr but casaubon  
dacier and spanheim derive it from the latin satura a plate filled with different kinds of food and they refer  
to porphyrio s multis et variis rebus hoc carmen refertum est the text as we possess it may be divided into  
three divisions the first and last relate the adventures of encolpius and his companions the second which is  
a digression describes the dinner of trimalchio that the work was originally divided into books we had long

known from ancient glossaries and we learn from the title of the traguriensian manuscript that the fragments therein contained are excerpts from the fifteenth and sixteenth books an interpolation of fulgentius paris 7975 attributes to book fourteen the scene related in chapter 20 of the work as we have it and the glossary of st benedict floriacensis cites the passage sed video te totum in illa haerere quae troiae halosin ostendit chapter 89 as from book fifteen as there is no reason to suppose that the chapters intervening between the end of the cena chapter 79 and chapter 89 are out of place it follows that this passage may have belonged to book sixteen or even seventeen but that it could not have belonged to book fifteen from the interpolation of fulgentius we may hazard the opinion that the beginning of the fragments as we possess them chapters 1 to 26 form part of book fourteen the dinner of trimalchio probably formed a complete book fifteen and the continuation of the adventures of encolpius down to his meeting with eumolpus end of chapter 140 book sixteen the discomfiture of eumolpus should have closed this book but not the entire work as the exit of the two principal characters is not fixed at the time our fragments come to an end the original work then would probably have exceeded tom jones in length

this version by a translator who understands the high art of low humor is conspicuously funny time the satyricon is a classic of comedy a superbly funny picture of nero s rome as seen through the eyes of petronius its most amorous and elegant courtier william arrowsmith s translation a lively modern unexpurgated text recaptures all the ribald humor of petronius s picaresque satire it tells the hilarious story of the pleasure seeking adventures of an educated rogue encolpius his handsome serving boy giton and ascyltus who lusts after giton three impure pilgrims who live by their wits and other men s purses the satyricon unfailingly turns every weakness of the flesh every foible of the mind to laughter

this is a new release of the original 1922 edition

realistic representation of the speech of the lower classes in ancient literature is largely confined to the comic genres and petronius realism in this area is more thorough going than that of any other ancient author a vast scholarly literature has grown up around the question of how faithfully the speeches of petronius freedmen reflect characteristics of actual popular speech this literature is reviewed and evaluated a survey of the phonological morphological lexical and syntactic peculiarities in these speeches is then undertaken in which they are compared with other vulgar latin sources such as the pompeian inscriptions petronius is in fact one of our most important early sources for the study of popular latin the way in which petronius used specific varieties of non standard latin to characterize different freedmen speakers is

explored petronius has subtly modulated his freedmen s speeches to reflect differing emotional states and the different attitudes of the speakers toward their social position the present study is the first comprehensive treatment of the subject undertaken in over forty years in any language and the only one in english

this work inquires into the impact of dissident sensibilities on the writings of the major neronian authors it offers a detailed and innovative analysis of essays poetry and fiction written by seneca lucan and petronius and illuminates their psychological and moral anguish the study is intended as a companion volume to vasily rudich s earlier work political dissidence under nero the price of dissimulation where he discussed the ways in which dissident sensibilities of the neronians affected their actual behaviour dissidence and literature under nero extends this analysis to show how the same sensibilities became manifest in the texts written by the neronian authors it explores the pressures on authors under a repressive regime who strive to maintain their artistic integrity thus the argument of this book can be seen as a comparison between the predicament of a neronian dissident and the situation of the postmodern intellectual it will interest professional classicists and the wider audience concerned with the ongoing debate on the benefits and perils of rhetorical discourse

satyricon or satyrica is a latin work of fiction in a mixture of prose poetry prosimetrum it s thought to have been written by gaius petronius arbiter tho the manuscript tradition identifies the author as a certain titus petronius as with the metamorphoses of apuleius classicists often describe it as a roman novel without necessarily implying continuity with the modern literary form surviving portions of the text detail the misadventures of the narrator encolpius his lover a handsome 16 year old boy giton throughout the novel encolpius has a hard time keeping his lover faithful to him as he s constantly being enticed away by others encolpius s friend ascyltus who seems to have previously been in a relationship with encolpius is another major character it s one of the two most extensive witnesses to the roman novel the only other being the fully extant metamorphoses of apuleius which is quite different in style plot satyricon is also important evidence for the reconstruction of what everyday life may have been like for the lower classes during the early roman empire
