provides biographies and topical essays discussing the important roles black women have played in american history

lists the achievements of over 500 great african american women in history

civil rights activists educators writers artists and workers these are the women of the afro american woman struggles and images an excellent anthology of essays that provides a more accurate image of the black woman and her place in history and in the cultural development of our society originally published in 1978 the afro american woman includes essays that highlight historical experiences common to black women the anthology also features essays that focus on early activists anna j cooper nannie burroughs and charlotta a bass this book is a long out of print valuable reference source it was the first written by black academics which analyzed these women s experiences from a historical and black nationalist perspective

arranged alphabetically from alice of dunk s ferry to jean childs young this volume profiles 312 black american women who

have achieved national or international prominence

examines the lives and work of fifty african american women who have made significant contributions to american society presented chronologically from civil war poet phyllis wheatley to olympic athlete florence griffith joyner

the award winning revisioning american history series continues with this groundbreaking new history of black women in the united states ibram x kendi the perfect companion to an indigenous people s history of the united states and an african american and latinx history of the united states an empowering and intersectional history that centers the stories of african american women across 400 years showing how they are and have always been instrumental in shaping our country in centering black women s stories two award winning historians seek both to empower african american women and to show their allies that black women s unique ability to make their own communities while combatting centuries of oppression is an essential component in our continued resistance to systemic racism and sexism daina ramey berry and kali nicole gross offer an examination and celebration of black womanhood beginning with the first african women who arrived in what became the united states to african american women of today a black women s history of the united states reaches far beyond a single narrative to showcase black women s lives in all their fraught complexities berry and gross prioritize many voices enslaved women freedwomen religious leaders artists queer women activists and women who lived outside the law the result is a starting point for exploring black women s history and a testament to the beauty richness rhythm tragedy heartbreak rage and enduring love that abounds in the spirit of black women in communities throughout the nation

focusing on the breadth of issues that affect psychotherapy with african american women this unique volume is designed to help clinicians develop a broader understanding of what is useful and what is problematic when applying psychodynamic

concepts to their clients from an array of seasoned clinicians chapters present innovative and creative reformulations of theory and technique that build upon and challenge existing models issues addressed include the psychological dilemmas confronting diverse african american women as they negotiate a society that is hostile to them on multiple levels how ethnicity class gender sexual orientation and other differences come into play within the therapeutic dyad and approaches to unraveling the complex interplay of sociopolitical intrapsychic and interpersonal concerns in treatment filled with illustrative clinical material and pointers for practice the volume will enhance the cultural competence of mental heath practitioners and students across a range of disciplines

winner of the the 2023 association for women in psychology distinguished publication award through an intersectional and inclusive lens this book provides mental health professionals with a detailed overview of the mental health issues that black women face as well as the best approach to culturally competent psychological practice with black women this text details mental health needs and treatment interventions for black women it provides a historical context of how the lived experiences of black women contribute to mental wellness identifies effective psychological practices in working with black women and challenges readers to advance their cultural competence while providing culturally affirming care to black women additionally this text is inclusive of sexual orientation and gender identity diversity and it honors the diversity within black women s identities relationships roles and families written by an expert team of black women clinicians researchers and medical professionals a handbook on counseling african american women psychological symptoms treatments and case studies addresses current sociopolitical events as well as historical trauma as it prepares readers to meet the needs of the black women they serve

the book demonstrates the experiences of alice childress lorraine hansberry and suzan lori parks in comparison with the

dramas of each other and those of other african american women these women playwrights created a militant theatre and a theatre of experience that applied to both the african american community in general and african and african american women in particular they have been encompassed within african american woman s aesthetics that shares the militancy and experiencecharacterized by a triple factor race gender and class

african american women have disproportionately high prevalence incidence and mortality rates for most health conditions in comparison to white women this book will explore some of the reasons for these disparities including problems within the health care system and societal institutions the disproportionately high number of covid 19 deaths in the african american population especially among african american women have brought renewed attention to historical racial inequality and the role it plays in the daily lives of american women and black families in general recommendations incorporate practical implications of this research including identifying social and financial supports unique to older african american women and determining strategies to strengthen the health needs of african american families which is also paramount to addressing economic social and racial disparities of this population drawing on data from a variety of sources this book applies a systematic racism and intersectionality approach to how various social demographic economic and health variables influence the outcomes and the overall health status of older african american women as such it will appeal to scholars in sociology social work nursing gerontology social policy racial and inequality studies african american studies justice studies culture ethnicity and health studies and public health

rosalyn terborg penn draws from original documents to take a comprehensive look at the african american women who fought for the right to vote she analyzes the women s own stories and examines why they joined and how they participated in the u s women s suffrage movement

in the nineteenth century new york city underwent a tremendous demographic transformation driven by european immigration the growth of a native born population and the expansion of one of the largest african american communities in the north new york s free blacks were extremely politically active lobbying for equal rights at home and an end to southern slavery as their activism increased so did discrimination against them most brutally illustrated by bloody attacks during the 1863 new york city draft riots the struggle for civil rights did not extend to equal gender roles and black male leaders encouraged women to remain in the domestic sphere serving as caretakers moral educators and nurses to their families and community yet as jane e dabel demonstrates separate spheres were not a reality for new york city s black people who faced dire poverty a lopsided sex ratio racialized violence and a high mortality rate all of which conspired to prevent men from gaining respectable employment and political clout consequently many black women came out of the home and into the streets to work build networks with other women and fight against racial injustice a respectable woman reveals the varied and powerful lives led by black women who despite the exhortations of male reformers occupied public roles as gender and race reformers

covers disorders such as anemia hypertension stroke cholesterol heart disease gynecological diseases alcoholism and other illnesses that are of concern to women of african descent

in this stunning collection of documents washington post book world african american women speak of themselves their lives ambitions and struggles from the colonial period to the present day theirs are stories of oppression and survival of family and community self help of inspiring heroism and grass roots organizational continuity in the face of racism economic hardship and far too often violence their vivid accounts their strong and insistent voices make for inspiring reading enriching our understanding of the american past

a compelling and readable narrative history how long how long presents both a rethinking of social movement theory and a controversial thesis that chroniclers have egregiously neglected the most important leaders of the civil rights movement african american women in favor of higher profile african american men and white women author belinda robnett argues that the diversity of experiences of the african american women organizers has been underemphasized in favor of monolithic treatments of their femaleness and blackness drawing heavily on interviews with actual participants in the american civil rights movement this work retells the movement as seen through the eyes and spoken through the voices of african american women participants it is the first book to provide an analysis of race class gender and culture as substructures that shaped the organization and outcome of the movement robnett examines the differences among women participants in the movement and offers the first cohesive analysis of the gendered relations and interactions among its black activists thus demonstrating that femaleness and blackness cannot be viewed as sufficient signifiers for movement experience and individual identity finally this book makes a significant contribution to social movement theory by providing a crucial understanding of the continuity and complexity of social movements clarifying the need for different layers of leadership that come to satisfy different movement needs an engaging narrative history as well as a major contribution to social movement and feminist theory how long how long will appeal to students and scholars of social activism women s studies american history and african american studies and to general readers interested in the perennially fascinating story of the american civil rights movement
