most recently gehry s work has experimented with complex forms and sculptural geometries and includes a group of significant cultural projects including the vitra design museum in germany the american center in paris and the frederick r weisman museum at the university of minnesota

tour the los angeles architecture designed by award winning architect frank o gehry and other architects with this wonderful guide fifty nine vivid color photos display these fascinating and varied structures while the text provides addresses and detailed descriptions of each structure and its history among the public buildings and offices included are the walt disney concert hall museum of contemporary art santa monica city hall santa monica civic auditorium the venice renaissance building and well known binoculars building the private residences include the gehry house the home of fellow architect rudolf m schindler venice art lofts and the home of actor and artist dennis hopper get behind the wheel and cruise l a for architecture yourself or stay at home and enjoy the sites from your lounge chair

gehry has instilled his buildings with a technical virtuosity that seems to have no limits and combined with his extraordinary imagination his skill has resulted in some of the world s most remarkable buildings and structures

this book focuses on two projects gehry s unrealised proposal for the rehabilitation of berlin s museum island and his soon to be completed disney concert hall in los angeles

from pulitzer prize winning critic paul goldberger a full fledged critical biography of frank gehry undoubtedly the most famous architect of our time fascinating and informative startling journey into the inner sanctums of modern architecture s power structure the new york times book review riveting full of little known facts about the pritzker prize winner that will surprise the most knowledgeable gehry files architectural digest goldberger follows gehry from his humble origins the son of working class jewish immigrants in toronto to the heights of his extraordinary career he explores gehry s relationship to los angeles a city that welcomed outsider artists and profoundly shaped him in his formative years he surveys the full range of his work from the bilbao guggenheim to the walt disney concert hall in l a to the architect s own home in santa monica which galvanized his neighbors and astonished the world he analyzes his carefully crafted persona in which an amiable surface masks a driving ambition and he discusses his use of technology not just to change the way a building looks but to revolutionize the very practice of the field

comprehensive and incisive building art is a sweeping view of a singular artist and an essential story of architecture's modern era

chronicles the life and work of the creator of the guggenheim museum in bilbao spain

with the recent triumph in bilbao frank gehry became one of the two or three living architects whose names are known outside the field within architecture and the arts however gehry has longstanding and tremendous respect and this conversation with the architectural historian and getty center founding director kurt w foster testifies to the ways in which gehry's concepts continue to invigorate not just the language of architecture but the arts in general the implicit sculpture of gehry's work reveals a communion between artistic disciplines and he has collaborated with the likes of serra kelley and koons this book furthers that open dialogue which gehry clearly views as essential between the arts

for the first time a book looks at internationally famed architect frank gehry as an artist this intimate portrait of gehry's creative process reveals the details not only of how he works but also of his total staff and office environment among 10 featured projects realized and unrealized are models and drawings for the walt disney concert hall ray and maria stata center at mit jerusalem museum of tolerance corcoran gallery and school of art venice gateway and puente de vida museo there has never been an architectural monograph like this

a selective retrospective of frank o gehry's most important designs includes essays detailing his use of technology and diverse materials and of light form and sculpture provided by publisher

no building has been more anticipated than frank gehry's stunning new guggenheim museum in bilbao an industrial city in the basque country of northern spain in a cover story for the new york times magazine herbert muschamp wrote of it the word is out that miracles still occur while sverre fehn winner of the 1997 pritzker architecture prize gehry received the award in 1989 stated this building is fantastic

this book celebrates the guggenheim museum bilbao and details the design process that is an intrinsic part of gehry s revolutionary approach to architecture gehry s use of nontraditional materials and his sensitivity to the environments of his buildings are legendary his method of envisioning a building through semiautomatic drawings and handmade models is little known but provides an immediate entry into his creative process here stunning color photographs of the building and reproductions of gehry s drawings and models bring to life his greatest achievement to date art historian and artist coosje van bruggen who has collaborated with gehry on various architectural and art projects documents the history of the guggenheim bilbao from conception through design and construction with unique access to the architect and his studio she has uncovered scores of fascinating drawings and working photographs which are published here for the first time

focuses on the work of the prominent postmodern architect frank o gehry

text in english and german after his deconstructive beginnings in the eighties and nineties frank gehry increasingly practised a very plastic form of architecture his expressively sculptural cultural buildings the vitra design museum in weil am rhein his project for the walt disney concert hall in los angeles and above all the guggenheim museum in bilbao see opus 32 have shaped the architectural awareness of our period and provided exemplary artistic alternatives to the architectural canon of modernism within gehry s rapidly growing volume of work the comparatively small energy forum for the minden ravenburg electricity company emr plays a particularly striking role insofar as the extraordinarily complex brief almost contradictory functions had to be blended in a very cramped space compelled the architect to use highly differentiated forms and materials in this way something like a primal model of sculptural building emerged a massively fissured subtly lit structure that explains itself inside with amazing naturalness making visitors gasp with its changing spatial situations as an exhibition and events centre exploding all conventions as an office building and translating the theme of energy into sensual forms by architectural means as the electricity company s technical distribution centre the old dictum form follows function acquires a new and radical quality in the

architecture of the energieforum in addition to the presentation of the energy forum in bad oeynhausen this book contains an illustrated survey of all other buildings by frank gehry in europe

this critique of gehry s architecture contains edited proceedings from a symposium held at the royal academy of arts london in june 1994 in addition this book features commentaries by three architectural critics charles jencks jeffrey kipnis and robert maxwell
